SUMMARY

Full-Stack Developer experienced in building real-world web applications using the MERN stack. Delivered a Property Management CRM, real-time IoT monitoring system, Marketing & Sales CRMs, and multiple responsive landing pages and static websites.

EXPERIENCE

Associate Software Engineer
TheCloudServices - Onsite

Nov 2024 - Present
Islamabad, Pakistan

- Designed and developed a Property Management CRM using MERN stack for tracking tenants, property owners, rent payments, payouts, and contacts.
- Built a real-time IoT monitoring application using React, Node.js, MongoDB, MQTT protocol, and Docker deployment.
- Worked on various small internal projects and feature requests across different clients.

MERN Stack Intern
TheCloudServices - Onsite

Aug 2024 - Oct 2024
Islamabad, Pakistan

- Worked on Marketing Leads CRM for capturing and managing leads.
- Built Sales CRM modules including reports, dashboards, and data export features.
- Created multiple responsive landing pages and marketing websites for clients.

Frontend Developer Intern
Mega IT Solutions - Remote

Jan 2024 - Apr 2024
Rawalpindi, Pakistan

- Built static company websites and portfolio sites using HTML, CSS, and JavaScript.
- Developed complex forms, contact pages, and interactive elements for client projects.
- Converted design mockups (Figma/PSD) into clean, responsive web pages.
